January 11, 1989

Dear Friends and Neighbors:

In spite of the anticipated growth problems, we have had a good year. We have repaired and modernized our incinerator, and are well on the way towards controlling our landfill with proper personnel and the recycling program. Our road reconstruction program has made great progress with the completion of most of our main roads. Our Police Department, with its full time officers, has made great strides towards making our Town a safer place to live. Our Fire Department with its new engine and rescue vehicles, is doing their usual great job. This group of dedicated volunteers, however, is only a portion of the Town of Auburn's greatest asset, our people.

It is time to recognize the people who help so much during the year, making our Town a great place to live, and raise our families. The people who give of themselves, not only in hours and expertise, but in their dedication and caring. The volunteer fire fighters we all recognize, but we must also recognize our members of the Zoning Board of Adjustment, the Planning Board, the Waste Management Committee, the Recreation Committee and the Police Commission. There are also those people we hear little about who serve on other various committees: such as Budget, Recreation, Historical Society, Cemetary and Library. Lets not forget those who serve putting out our newsletters and also our Senior Citizens. We also recognize all those who serve with the younger generation, working with the Scouts, the Little League, the P.T.A. and 4H groups.

The thousands of hours put in by our two hundred or more volunteers, make the many hours put in by your selectmen worth while. Thank you for allowing us to serve you in the past year.

We sincerely hope more of you will come forward to sign up with the Selectmen's office for the coming year to help on one of the various committees. You don't have to run for an elected position to serve your Town and exhibit a love for your neighbors. You will also be helping with the expansion, and taking a part in the development and future of your Town.

Report of the Auburn Budget Committee

March 17, 1989

The budgeting process begins on July 1 when the fiscal school year ends and the Auburn School Board begins to set up the budget for the ensuing school year. By November, this information is forwarded to the Budget Committee and presented by a representative of the School Board over a two month period. The Budget Committee examines in depth the budget as proposed by the School Board on a line-by-line basis.

At least 85% of the school budget is based on fixed costs such as special education, high school tuition, school bus transportation, construction bonds, insurance, service contracts, SAU assessment, physical maintenance costs, and collective bargaining agreements which include - teacher salaries, FICA, benefits, etc.

The remaining 15% concerns itself with classroom supplies, teacher aides, elective courses, voluntary professional development, gifted and talented curriculum, and the readiness program.

85% of the 1989/90 budget increase is tied up in fixed costs in four categories. The completion and equipping of the new addition means additional teachers, staff and supplies. High school tuition, special education and collective bargaining make up the rest.

In December, Department Chairmen present their budget requests to the Board of Selectmen who in turn put together a budget for the Town. The Town fiscal year ends December 31st and the Selectmen begin presenting their budget to the Budget Committee early in January. With the Selectmen and department chairman, the Budget Committee reviews and prepares the Town Budget for presentation at the public budget hearing.

The Town has more flexibility in the preparation of its budget and can respond more effectively to problems such as increases in the previous tax rates. This year, the road department, fire department and recreation committee budgets all showed decreases over the 1988 budget figures. The bottom line shows a net decrease of 15% in this year's Town Budget.

AN OVERALL VIEW - PROJECTION OF THE 1989 TAX RATE

	1988		1989 Estimated
School	15.76	School	18.96
Town	3.68	Town	1.89
County	.86	County	1.05
Total	20.30	Total	21.90

(based on 1988 figures)

In 1988, an increase of \$163,363.00 in the budget resulted in a \$1.00 increase in the tax rate. As the total value of property in town increases, the amount budgeted can increase for the same \$1.00 on the tax rate. In 1989, new construction that occurred between April 1, 1987 and April 1, 1988 will be considered for the first time when computing the tax rate. This growth in the tax base will decrease our projected tax rate shown above. The official tax rate for all communities is set by the New Hampshire Department of Revenue Administration and there may be factors or circumstances that influence the tax rate of which we are not presently aware.

(Amount not included in the Budget) (Not Recommended by the Budget Committee)

Dennis Beer moved the Article be accepted as printed in the Warrant. Gary Burwen seconded. Selectman Shackelton stated that the Budget Committee had not recommended this because they felt that there was a need to concentrate on main roads. Armand Gagnon explained the need. It is dirt road now, approximately 1200 ft will be upgraded.

Orrin Chase asked for a ballot vote on the Article.

Discussion continued. Approximately .8 mile of road is not maintained by the Town in the Sun Valley area. Peachtree Road is part of this. Road Agent Stacy estimated \$80,000 to upgrade the entire .8 mile. Eugene Thomas, Selectman, stated that the Selectmen had originally intended to use the money to be realized from tax property sales in this area for upgrading of the roads, but the budget Committee felt that there was a need to concentrate on main roads in town.

Earl Rinker made a motion to amend Article Twenty-Two as follows: Change \$20,000 to \$80,000 (Eighty Thousand) to upgrade entire .8 mile in this area. Armand Gagnon seconded. When quiered, Mr. Stacy stated that "upgrade" meant to pave. Bruce Mason moved to vote on the amendment. There was no objection to voting on the amendment. The Moderator stated that Mr. Chase had requested a ballot vote on the question. If there is no such request for vote on the amendment, it will be by voice vote. There was none. Voice vote was too close to determine, therefore, a hand count was taken. The count was Yes, 60; No, 61. The amendment was defeated.

David Sawyer seconded. Bruce Mason moved to vote on the amendment. There was no objection. Vote on amendment was Yes, 64; No, 60. The amendment passed.

Gary Burwen moved to vote on the Article as amended. There was no objection. This was a ballot vote as requested. Yes, 90; No, 48. The Article as amended passed.

The Moderator, on behalf of the Town of Auburn, recognized Kathy Canedy for her outstanding work on the Auburn Newsletter. Her work has been greatly appreciated. Kathy will no longer be producing the Newsletter.

The Moderator announced that the Moderator and Selectmen have discussed the upgrading of the voting procedures in Auburn. He announced that one change will be opening of the polls at 7:00 AM. This news was warmly received.

ARTICLE TWENTY THREE: To see if the Town will authorize the Selectmen to accept private donations of land, interest in land or money to be deposited into the conservation fund for the purposes of contributing to the local matching portion required for acquiring conservation land or interest in land and other costs associated therewith for permanent conservation use under the N.H. Land Conservation Investment Program (LCIP) RSA 221-A, and authorize the Selectmen to apply for and accept the State matching funds under the LCIP for purposes of acquisition of the fee or lesser interest in conservation land. Said appropriated or donated funds and state matching funds may be expended by majority vote of the conservation commission.

Richard Shackelton moved the Article as printed. Muriel Gagnon seconded. Tom Abbott, Chairman of the Conservation Commission, explained that there will be no money appropriated by the Town. concern was expressed by several that it would cost the town money. Alex Komaridis moved to amend the Article as follows: In the first sentence delete "contributing to" and substitute "constituting." In the last sentence delete "appropriated or" and add "and land" after donated funds. Bruce Mason seconded. Selectman Thomas stated the wording of this Article was from the State and he could not predict what changing of this Article would mean. Vote on the amendment passed. Vote on this Article as amended passed. The Article now reads as follows: "To see if the Town will authorize the Selectmen to accept private donations of land, interest in land or money to be deposited into the conservation fund for the purposes of constituting the local matching portion required for acquiring conservation land or interest in land and other costs associated therewith for permanent conservation use under the N.H. Land Conservation Investment Program (LCIP) RSA 221-A, and authorize the Selectmen to apply for and accept the State matching funds under the LCIP for the purposes of acquisition of the fee or lesser interest in conservation land. Said donated funds and land and State matching funds may be expended by majority vote of the conservation commission."

ARTICLE TWENTY FOUR: To see if the Town will vote, as provided for in RSA 31:04-a, the change of the next fiscal year of the town to January 1, 1989 - June 30, 1990; and to a fiscal year of July 1 - June 30 each year thereafter.

Hubert Topliff moved approval of the Article as printed. Bruce Mason seconded. Mr. Topliff explained that we would then be voting on appropriations before expending the money. As it is now, we do not vote on appropriations until March which have begun in January. The report of the Fiscal study Committee is printed in the Town Book. Discussion stated that this would separate school and town elections, people would be less likely to attend a town meeting during the nice weather, and town reports would not be as current. Armand Gagnon moved to vote on the question. There was no objection and the vote on this article was No. Article was defeated.

ARTICLE TWENTY FIVE: To see if the Town will vote to set the date of the annual town meeting, as provided for in RSA 39:1-a to second Tuesday in May each year, effective 1990. (Note: This article will be dismissed if the Article changing the fiscal year is not voted in the affirmative.)

The Moderator noted that this Article is mute and will not be discussed since the previous Article was defeated.

ARTICLE TWENTH-SIX: To hear the report of the Budget Committee and to see what sum of money the Town will vote to raise and appropriate to defray Town charges and legal obligations for the ensuing year.

Mary Griffin moved an appropriation in the amount of \$1,506,350. (One Million, Five Hundred and Six Thousand, Three Hundred and Fifty Dollars) Winifred Sanford Seconded.

Richard Miller noted that the Budget Committee Recommended Budget amount was in error in the Town Book. He felt that the Town Book was poorly printed and suggested a new printer next year.

John Davis stated strong disappointment that our Recreational Area is not ready for use yet despite several years of waiting and a great amount of monies expended.

Selectman Shackelton noted one increase being the full time police protection. He commended Chief Wood for his work and noted the substantial decrease in burglaries.

Martin Sullivan moved to vote on the question. There were no objections. Vote to appropriate \$1,506,350. (One Million, Five Hundred and Six Thousand, Three Hundred and Fifty Dollars) was in the affirmative.

Bruce Phillips made a motion to adjourn and meeting was adjourned at 4:40 pm.

Respectfully Submitted,
Nancy H. Gagnon, Town Clerk

Report of the Auburn Recreation Commission

The Auburn Recreation Commission had an active year in 1988. We sponsored trips for the Seniors, produced a quarterly newsletter, held a ski trip in February, ran the summer program, and finished the Little League fields.

The Seniors went on two trips. One was to the Lowell Mill District where they toured the historic mill area which has been recently restored. The second trip was to the Salem Witch Museum in Salem, MA. Each trip was coordinated by Eileen MacDonald and included transportation and a full course meal at selected restaurants.

Doug Tibbetts took over the publishing of the Town Newsletter. He has spent many hours gathering articles and information from the various organizations in town. The newsletter is our main source of community news and does get delivered to each resident.

The Recreation Commission sponsored a week of fun activities for the children during February school vacation. The more popular events were the Ski Trip to Crotched Mountain, swimming at the "Y", bowling, and workshops at the school.

The Summer Program was directed by Jackie Wood and Alison Wiza. We had over 50 participants in the 4-week program. Due to the construction at the Auburn School, the program was held at Eaton Park on Pingree Hill Road. The committee appreciated being able to use this facility thanks to the generosity of the International Organization of Odd Fellows: Wednesday was our swim due to the continued generosity of Bill Cooper at Calef Lake Campgrounds. Four field trips were held - each Friday. The children had both educational and fun trips. They traveled to Montshire Science Museum in Hanover, NH, the Children's Museum in Boston, MA, Bear Brook State Park, and Crystal Lake.

The Recreation Area took several giant steps in 1988. The Little League fields were completed and actually played on by the members of our Auburn Little League. The matching funds were applied for by the Town in the fall of 1988. A check should be received in early 1989 for monies spent in 1988. In addition an extension was given to the town on the grant. Our new deadline for completion is December 31, 1989. Plans are presently underway for the soccer/football field to be completed for the 1989 playing season.

Auburn School District Meeting March 11, 1988

The Auburn School District Meeting was called to order at 8 p.m. on March 11, 1988 by C. Donald Stritch, Moderator, in the Auburn Village School Gymnasium.

Article 1: Alex Komaradis made motion to accept and Dennis McCarthy seconded. There was no discussion. The vote was called for. Article 1 passed.

Article 2: J. Herbert Tardiff made motion to accept and Winifred Sanford seconded. There was no discussion. The vote was called for. Article 2 passed.

Article 3: A Motion to see if the school district will vote to raise and appropriate the sum of \$116,985 to fund the cost items related to an increase in teachers salaries and benefits for the fiscal year 1988-89 was made by William H. Wood and seconded by Muriel Gagnon. Mr. Wood explained the new base starting salary at \$17,300 and the 15% across the board increase to keep our salary schedule competitive with other area towns. Other questions were answered and a vote was called for. Article 3 passed.

Article 4: Winifred Sanford made the motion to accept the sum of \$3,058,805 including Article 3 for support of schools related expenses. The motion was seconded by Mr. Phillips. Ann Sullivan asked what accounted for the guidance increase. It was explained that a full time vice principal and guidance counselor attributed to this. Mr. Gagnon asked about the \$6,438 increase in other support services and it was explained salary raises for custodian, bus drivers, non teaching staff. It was asked that in future years if a line item report of actual expenditures could be included in the town report. The school board were willing to do this but made the people aware that this would be data that is over a year old. The school board explained that excess money left over in the budget is returned to the town to help the district assessment be decreased. It was explained the transportation contract expires this year and negotiations are underway to secure a new contract and 1 bus will be added for a total of 5. Many other questions were dealt with and answered. Mr. Sullivan made motion to call for a vote which was seconded by Mr. Phillips. Article 4 passed.

Mr. Phillips made a motion to adjourn. Mr. Sullivan seconded. Meeting was adjourned at 9:15 p.m.

Principal's Report

Graduation exercises were held on June 21, 1988, with fifty-six students receiving diplomas. The guest speaker was Mr. Hubie McDonough, former graduate of Manchester Memorial High School, Professional player for the Los Angeles Kings Hockey organization. Honor speakers were Elizabeth Marzloff, David Lachance and Julie Mercier. Department Awards went to Julie Mercier, Social Studies; Colin Foye, Science; Elizabeth Marzloff, English; and David Lachance, Mathematics. The Honor Student Award went to Elizabeth Marzloff, PTA Most Improved to Adam Nickulas, Millie Preston Service Award to Laura Milne, Hooksett Rotary Award to Laura Milne, School Board Citizenship Award to Katherine Phillips and the A.E.A. Teacher Appreciation Award to Laura Milne.

During the past school year the faculty has worked on two major curriculum areas. The Social Studies Curriculum Committee, chaired by Carol Gosselin, reviewed the curriculum presently being taught and recommended a new program that will be implemented during the 1988-1989 school year.

The Health Curriculum Committee was chaired by Robert Gilleran, the school guidance counselor. The major objective of the committee was to review the information provided to elementary schools on drug education by the Secretary of Education, William Bennett, and the New Hampshire State Department of Education and recommend the adoption of a comprehensive drug education program for all grades. After reviewing the information and attending several awareness workshops on a variety of programs, the Committee recommended the "Here's Looking At You 2000" program. Nell Keif, teacher, and Robert Gilleran were responsible for writing two grants that were approved for more than \$6,000 by the State Department of Education for curriculum materials and extensive teacher training conducted by the State Department of Education under a special grant to address the drug education issue.

The Auburn PTA continues to be a positive force working to provide students with a wide range of cultural arts programs and support for innovative projects.

R.C. Foss and Sons was selected as the General Contractor for the new construction and began work in April. Although there were several inconveniences during the months of May and June, the main focus was to prepare the site for the major work that would take place during the summer months. During this period the teachers were invaluable in helping me maintain a reasonable learning environment and ending the school year on a positive note.

As the population increases and the school programs expand, there needs to be more parent awareness and support to help maintain a positive attitude toward the Auburn Village School.

I want to extend a thank you to the Auburn School Board, the Superintendent of Schools, members of the community, the school staff, the school volunteers, the Auburn Lioness, and the Auburn PTA for their efforts and support during the past school year.

Respectfully submitted,
Raymond Bourque,
Principal

Auditors Report on Financial Presentation

To the Members of the School Board
Auburn School District
Auburn, New Hampshire

We have examined the general purpose financial statements of the Auburn School District as of and for the year ended June 30, 1988, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Assets Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly the financial position of the Auburn School District at June 30, 1988, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining and individual fund financial statements and schedule listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Auburn School District. Such information has been subjected to the auditing procedures applied in the examination of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

Superintendent's Report

Auburn

The 1987-88 school year has been a most challenging time for the Auburn School Board, the administration, and staff. The Board has worked diligently in having numerous meetings to determine the resolution of the building project.

We have all been extensively involved in the various phases of this construction project, beginning with bid openings. Everyone involved in these activities deserves credit for their cooperation as a concerted effort was made to have this project run as smooth as possible. The architect and the contractor are to be commended for their efforts as well.

We have continued to monitor the actual enrollment figures on an ongoing basis as we have done for the past several years. It appears that Auburn is in sort of an enviable position whereby they have room for the growth of their student population.

We have also been fortunate that the teaching staff has had a very low turnover this year.

The district recently entered into a three year contract with the Manchester School System for the tuitioning of Auburn high school students.

With the growing pains that were experienced, additional staff, including teachers, custodians, bus drivers, will also have to be seriously considered in future major expenditures.

A question frequently asked by members of the community is whether the Department of Revenue Administration audits the school district accounts for the fiscal year. The Department of Revenue Administration is no longer in the business of regularly auditing school district accounts, but the district does employ a private auditing firm who usually audits the accounts after the close of the fiscal year, which is June 30th. Copies of these audit reports are available for review at the School Administrative Unit # 15 Office, the Auburn Village School, as well as sent to each School Board member.

The Auburn School District provided special education services to 61 students during the 1987-88 school year. That was an increase of six educationally handicapped students served the previous year. Several students remained in out-of-district placements because of their need for a more restrictive environment. With the continued efforts of a dedicated staff, special education services in Auburn continue to appropriately meet the unique needs of students.

On April 8, 1987, the New Hampshire State Board of Education adopted revised minimum standards for all public elementary schools in New Hampshire. It is the intent of the State Board of Education that all standards be met by June 30, 1991.

Each school must develop a school implementation calendar that will establish priorities for each school year. This calendar will be used by the State Board as the time-line for compliance with the revised minimum standards. We have begun the process to meet the new State requirements.

My sincere thanks are extended to the Auburn School Board members, Ray Bourque, principal, all school staff members, and the citizens of Auburn for their support over the past school year.

Respectfully submitted,
David R. Cawley
Superintendent of Schools

Report of the Auburn School Board

This past year was truly one of great transition for the Town of Auburn. The school building that had served the community well for many years was now totally inadequate in space not only for existing programs but for any new developments in curriculum.

Through the generous support of the citizens of Auburn, a new 2.75 million dollar addition to the present facilities is underway. With the completion of this project on or about December 31, 1988, the "new" Auburn Village School will be able to accommodate projected growth for a number of years. We can also offer new and exciting programs for our students such as Industrial Arts, Home Economics, Instrumental and Choral Music, and a comprehensive Art program.

One of the greatest challenges for the School Board in the coming years is to establish an implementation plan for new programs. The Programs and Building Committee will be reconvened to study new programs and to further investigate the Cohas Brook and other sites for a future school.

A second challenge is to control the spiraling costs associated with High School tuition, Special Education and Staff. We are looking hard at the possibilities of more in-house Special Education, the possible tuitioning in of other towns and perhaps someday our own high school.

Our ultimate goal is to provide the best possible education for our children at the least cost to the taxpayer.

We are proud of the staff and administration of the Auburn Village School for their enthusiasm and untiring dedication to the complete educational process. The town of Auburn should be especially proud of our Principal, Raymond Bourque, who was named New Hampshire Elementary School Principal of the year 1986 - 87.

The Office of the Planning Board in the Town of Auburn

The Auburn Planning Board is made up of nine volunteer members appointed by the Board of Selectmen. The Board consists of six full members, one representative from the Board of Selectmen and two alternate members. The Planning Board meets every Wednesday evening in the Planning Board Office located in the Auburn Town Hall to review plans, conduct Public Hearings and hold open discussions with concerned citizens. The Planning Board has instituted an "Informative Meeting" which is held on the third Wednesday of the month. The informative meetings have been very beneficial to the Planning Board as it allows prospective applicants the opportunity to casually meet with the Board for submission of a sketch proposal and a time to propose questions and solicit comments regarding town regulations. All hearings, work sessions, informative meetings, property walks and open discussions are scheduled by appointment with the Secretary of the Board.

In 1988 the Planning Board reviewed 63 prospective proposals. Final approvals, through Public Hearings held before the Planning Board, consisted of the following:

Residential Subdivisions

Each fall, the Planning Board meets with all town agencies to review their capital improvement needs which will be incorporated into the Capital Improvement Program. The Program is intended to inform the budget committee of the major capital expenditures required for the next five years. The program is up-dated yearly.

Next year will be an interesting year as the Planning Board reviews and updates the Master Plan for the Town of Auburn. The Master plan review is required every five years to allow the town to continue with the Growth Management Plan in existence today. The Master Plan review will help define, for the Planning Board, the direction the town should take in the following five years with respect to Zoning practices and growth management.

Incinerator News

If you have been out to our solid waste facility lately, you may have noticed the containers we have set aside for our recycling program. In an effort to alleviate the burden on our incinerator, we are continuing with the recycling program. If we are to have a successful recycling program, we need your support. Please remember to separate your glass, aluminum, newspaper and cardboard. Metal items will also have to be separated outside.

As environmental concerns are raised and landfill closures becoming a common practice, solid waste disposal has become a costly issue. We can look forward to solid waste disposal taking a larger chunk of our tax dollar. We need to plan our strategy now to utilize our facility to its maximum capacity, while protecting the needs of our future generations.

Auburn Volunteer Fire Department

There were 221 emergency calls in 1988 including 121 medical rescue calls and 100 fire related calls.

The Auburn Volunteer Fire Department had a busy and eventful year in 1988. It was a year that the Town of Auburn realized the need to keep fire and rescue apparatus first class and approved the purchase of a Ford, F350, four-wheel drive rescue truck and a FMC, 1500-gallon-per-minute pumper fire truck. The rescue vehicle was put in service in October and has already proved itself a valuable addition. A cascade air system was mounted on the vehicle making it possible to fill survival tanks at the scene of a fire. The fire truck was put in Service in November. With a deck gun mounted on the truck and having the capability of carrying five firemen in the cab, it is a truck that should service the town of Auburn for years to come. Along with the rest of the apparatus, Auburn can be proud it has the varied fire and rescue equipment needed for emergency situations.

1988 was a year that saw eight Auburn volunteers become state certified fire fighters, following the completion of a four month course and written and practical examinations. Two controlled building burns provided further experience and training. Seven Emergency Medical Technicians attended a four week refresher course and recertified EMT/EOA procedures according to state standards. A CPR class recertified the rescue personnel. The fire department is proud to have many dedicated and well trained volunteers on the staff.

The fire department conducted a recruitment drive this year which attracted several new members to the ranks. The By-Laws were changed to establish a class of "auxiliary" which allows people to help the department in ways other than fire fighting or rescue work. Interested persons can report to the fire station any Sunday morning for information and application.

Fire prevention week was promoted through programs at the school and an Open House at Station One on Pingree Hill Road. The open house was well attended by the townspeople who saw demonstrations, toured the facility, asked questions and enjoyed refreshments. The chimney cleaning equipment is still available for loan to Auburn residents as the department promotes chimney fire prevention.

The kitchen at Central Station was remodelled and a new stove was purchased with Association funds. Other items purchased with town money, Association funds and money from the sale of "Old fire engine 2" include a new Oxygen bottle and regulator, a new ladder for Engine 1, a flagpole for Station One, a new chainsaw, new radios, protective gear, and rescue supplies and equipment. The fire department conducted its annual May fundraiser and participated in Olde Home Days to raise money. Contributions are always appreciated and put to good use.

The firemen administer to the smooth operation of the departmental matters and policies, maintain all the fire and rescue apparatus and equipment and maintain both fire stations. Members of the department conduct wood stove/chimney inspections, conduct fire drills at the school, inspect private pro-

perties for fire hazard and worked closely this year as the fire alarm and sprinkler system were installed in the Village School addition.

In the spare time, firemen manned the telephones one afternoon for the Channel 11 fund drive. Each eight weeks, members troop to the Red Cross Center to donate blood. In May, firemen helped repair and paint a home in Auburn. The trees at the recreation area were watered regularly. In addition, softball and volleyball teams were organized.

The fire department thanks Carl Anderson for the sign that hangs over the doors at Station One and many other people and businesses that donate supplies and services to the department.

Auburn firemen and women are dedicated people who donate time and skills to the town. They endeavor to provide the best in fire protection and medical care.

When reporting an emergency, remain calm, speak clearly and remain on the telephone until the dispatcher has all the necessary information.

Yours in safety,
Martin Sullivan
Chief, AVFD

Report of the Town Forest Fire Warden

The two leading causes of forest fire are children playing with matches and fires kindled without the written permission of the Forest Fire Warden. With public education and support, both causes are preventable.

Written permission must be obtained in order to legally start a fire outside when the ground is not snow covered. Other factors also apply to open burning so contact the Forest Fire Warden for information. Permits are issued only on the day of the burn and only when safe conditions allow. An open fire must never be left unattended.

There were no notable brush fires or forest fires in 1988 in the Town of Auburn, for the third consecutive year. Please continue to help forest fire officials with fire prevention.

NOTICE CONCERNING PETITION WARRANT ARTICLES

IN ACCORDANCE WITH RSA 39:3 ARTICLES MAY BE SUBMITTED FOR INCLUSION IN THE TOWN WARRANT UPON PETITION OF TEN OR MORE REGISTERED VOTERS. SUCH ARTICLES MUST BE PRESENTED TO THE SELECTMEN NOT LATER THAN FIFTH TUESDAY BEFORE THE DATE OF THE ANNUAL TOWN MEETING. ONCE IN RECEIPT OF PETITION ARTICLES, THE SELECTMEN ARE ONLY ENTITLED TO MAKE MINOR TEXTUAL CHANGES NOT SUBSTANTIVE CHANGES.

IN THE PAST WE HAVE BEEN PRESENTED WITH PETITION ARTICLES AT OR CLOSE TO THE DEADLINE DATE, AND UPON REVIEW HAVE FOUND THEM TO BE NOT IN PROPER FORM, WITH NO TIME LEFT TO ADVISE THE PETITIONERS IN TIME FOR THEM TO REVISE AND RESUBMIT THE ARTICLE.

ACCORDINGLY, IF YOU CONTEMPLATE SUBMITTING A PETITION ARTICLE, PLEASE SUBMIT THE ARTICLE WELL ENOUGH IN ADVANCE SO THAT IF IT IS FOUND TO NEED REVISION, WE WILL HAVE TIME TO ADVISE YOU OF THE SAME.

WE RESPECT YOUR RIGHT TO PRESENT PETITION ARTICLES AND ARE ADVISING YOU OF THE ABOVE TO HELP ENSURE THAT YOUR ARTICLES GET INCLUDED IN THE TOWN WARRANT.
